## BIG SANDY AND OLD DOMINION HIGHWAY ASSOCIATION FORMED

Strong Organization Accomplished in the Greatest Meeting Ever Held in Eastern Kentucky to Build Mayo Trail

At last we have the opportunity to make good in the use of the old stereotyped expression, "the largest and most enthusiastic meeting ever held in the Big Sandy valley." Everybody who was in Paintsville last Monday will readily agree that this is a conservative description of the Big Sandy highway meeting held in that progressive city on February 10th. Many of those present went farther and declared it to have been the largest and most enthusiastic body of citizens they ever had seen together on a public mission.

Extra coaches were carried by all trains, and even with that there was not room enough for all who wanted to attend from up the Big Sandy. Hundreds poured from the trains arriving at Paintsville that morning. The delegations from Boyd and Lawrence were headed by a fine brass band furnished by the Ashland Indians and Commercial Club and almost the entire number marched the mile or more from the station to the handsome new public school building. The large auditorium proved to be too small for the meeting, but a temporary organization was soon effected and it was announced that the regular meeting would convene at one o'clock in the Mayo Memorial church, which has the largest seating capacity of any building in town.

Judge W. A. Ginn of Ashland called the meeting to order. John E. Buckingham was elected chairman and B. F. Forney secretary. They accepted very gracefully. F. H. Yates suggested that each county organize at the noon hour and report during the afternoon. Upon motion the chair appointed a committee on organization composed of one man from each county, as follows: James Sowards, French Combs, H. S. Howes, F. H. Yates and W. A. Ginn.

Almost every other town of the size of Paintsville would have been swept off its feet by the flood of delegates that rushed down upon her, but she had magnificently undertaken to feed the visitors free, and chairman Buckingham announced the fact to the horde of hungry whoopers without a tremor. And they did it in style. The two hotels and many homes met the emergency as placidly as if it had been a weekly occurrence. It was a rare exhibition of hospitality and the delegates fully appreciated it as such.

Upon reassembling at one o'clock the committee on permanent organization reported in substance as follows:

That the name of this organization be the Big Sandy & Old Dominion Highway Association and that the object be the construction of a paved road from Ashland to the Virginia line, and that the road be named "The John C. C. Mayo Trail."

That John E. Buckingham be elected president, B. F. Forney secretary and M. F. Conley treasurer.

That there should be a vice president from each county.

The report was unanimously adopted.

Judge A. J. Kirk made a warm address of welcome and George Byrne of Ashland responded in appropriate words.

Excellent speeches were made by Judge Ginn, F. W. Stowers, F. H. Yates, Judge Will Watson, Major Seitz and Judge Patrick. Mr. Buckingham made an ideal presiding officer and in the course of the day said many forceful and appropriate things.

The gathering was full of enthusiasm for the highway, and everybody came away with the feeling that the road will be built.

A collection of \$200 cash and a few additional subscriptions was taken to defray incidental expenses.

It was decided later to send Augustus Snyder and H. F. Forney to Washington, where they will be joined by President John E. Buckingham in an effort to secure help for the highway. They agreed to leave for Washington on Thursday night of this week.

Mr. F. H. Yates, of Louisi, receives a large share of credit for the big meeting.

Lawrence county was represented by a large number of delegates.

Coal operators were conspicuous by their presence and interest, which fact is appreciated by the citizens.

The Paintsville Herald issued a special edition in the evening covering the meeting in good style and the delegates were supplied with free copies.

Telegrams pledging their support and regretting their enforced absence were received and read to the gathering from Congregationalist John W. Langley and W. J. Fields, Dr. S. F. Fetter and M. S. Burns.

**Follow It Up.**

Such a fine start deserves an enthusiastic "follow up." A splendid organization has been perfected. No better man could be chosen than Mr. Buckingham for president. He is a leader who is recognized as such not only at home, but in the financial circles of Cincinnati, Louisville and New York. Let everybody help to keep the project hot until it is an accomplished fact.

**Mrs. John Bewing died Tuesday at her home at Whites creek. She is survived by her husband and several grown children.**

**Dr. G. W. Wroten Kindly Remembered**

A few months ago there was a good deal of discussion about a reunion of the pupils of the old Masonic Academy, which flourished in Louisville soon after the Civil War, under the management of Dr. G. W. Wroten. War conditions proved to be very much in the way of carrying out this happy suggestion. There grew out of it, however, something that has cheered and gratified Dr. Wroten very deeply. Many of those who attended that school have written letters of appreciation for the benefits that came to them through Dr. Wroten's work as their instructor. Several have enclosed checks, which they asked him to receive as further evidence of their esteem and gratitude. In conversation with Dr. Wroten about the matter he expressed to us the deepest appreciation of these kind remembrances and said nothing would delight him more than to write each one a letter of thanks; but he is now physically unable to do this. He requested that the NEWS, which was his medium of expression for many years, extend to all his pupils the sincerest appreciation of the spirit they have exhibited toward him at all times.

A remarkable number of these students have risen to prominence in the world and many of them give him credit for the inspiration that carried them on.

**STREET PAVING TO START EARLY**

The City Council of Louisa hopes to begin street paving as early in the spring as the weather will permit. It is the present intention to start on Locust-av., where James Lahey now lives and continue the work to the city limits near Liek's creek. This paving will be done under the supervision of the State Road Commissioner and one-half of the expense will be paid by the state and the other by the citizens who own property abutting the pavement.

As soon as the council can get the cost of the paving the citizens will be notified as to the amount each will have to pay, and it is hoped all will be ready to pay cash for the work. The council hopes to find a way to pave some other streets than those named.

### TOBACCO BRINGING RECORD BREAKING PRICES

Huntington has come to the front as a tobacco market, as a result of which the Huntington Tobacco warehouse is greatly enlarge its plant.

The farmers who raised tobacco last year struck it rich. Never before

had the crop bring so much money.

Lawrence county produced some tobacco, but nothing like what the farmers would have raised if they could have foreseen the present situation.

We are wondering what they will do about it this year.

He was 40 years old and leaves his wife and three children.

### LOUISA PUBLIC SCHOOL NEAR END

**WILL CLOSE FOR THE YEAR ON FEBRUARY 28. CROWDED GRADES RELIEVED.**

The Board of Education of Louisa has solved the difficulty of the extremely overcrowded condition of the primary department at the public school building for the coming year. At the opening of the next fall term the plan will go into effect for the seventh and eighth grades to be taught at the College building, under the direct oversight of Professor Blyington; and the remaining six grades to be distributed among the five teachers at the public school building. This new arrangement will not in any way affect the promotions from grade to grade at the end of this term.

As the State Board of Education has shortened the term of the public schools throughout the state, the free-school in Louisa will close earlier than usual this spring, on February 28.

No much change in the teaching force at the public school building is expected for the coming year. Professor Kennison will continue as principal of the High School, and Professor Blyington as superintendent of the Louisa City Schools.

The Board of Education of Louisa at present consists of the following gentlemen: G. S. Wilson, O. C. Atkins, C. B. Wellman and Wm. Remmick.

### DEATH OF W. J. VAUGHAN'S MOTHER

Mrs. Sultema Vaughan, mother of W. J. Vaughan, Mrs. J. B. Clayton and Mrs. W. B. Clayton, died at the home of Mr. Vaughan, three miles from Louisa, last Monday. She was just 70 years of age and had been totally blind for several years. She was the widow of Abram Vaughan, who died a few years ago.

Mrs. Vaughan had been physically helpless for quite a long time, in addition to being blind. She was a most excellent woman, a devoted Christian, and a member of the Baptist church. The burial took place Tuesday, the services being conducted by Rev. J. D. Poole, of Louisa.

### W. D. COCHRAN DIES SUDDENLY IN CINCINNATI

### ED. F. GRAY STILL IN HOSPITAL.

Ed. Gray, C. & O. agent at Kyler, who has been in the C. & O. hospital at Huntington since last November, was able last Sunday to leave his bed for the first time since entering the institution. Mr. and Mrs. Gray, both desperately ill of pneumonia, were taken one night last November and placed in a Huntington hospital. Mrs. Gray dying within a few hours after reaching that city. Mr. Gray has only within the last few days learned of his wife's death, his extreme weakness making it necessary to keep him in ignorance of the distressing fact.

### E. E. SHANNON FOR THE LEGISLATURE

**WILL BE A CANDIDATE FOR REPRESENTATIVE FROM LAWRENCE AND ELLIOTT COUNTIES.**

Mr. E. E. Shannon, of Louisa, has decided to ask for the Democratic nomination for Representative in the Kentucky Legislature from the district composed of the counties of Elliott and Lawrence. His formal announcement will appear soon.

This is a new district and the question of which county is entitled to the first nomination has been under consideration. The rule that the county casting the largest number of Democratic votes takes the lead in certain matters connected with party organization, in conventions, seems to be about the only guide in this case. Under this construction Lawrence is entitled to the first call. Then Elliott would have the right of way next time and it would thereafter be an alternating proposition.

Mr. Shannon was campaign chairman of Lawrence county last fall. He has been active in politics all his life, but this is his first time to go to the people asking for votes for himself. The suggestion of making the race come to him recently from several citizens of the county and he decided that he would like to go to Frankfort for one term as representative of this district. He will stand for the best interests of the constituents and will no doubt prove a useful member of the body.

**MRS. OLGA SMITH DIES AFTER LONG ILLNESS**

Mrs. Olga Savage Smith passed away at her home in Catlettsburg Thursday night after a lingering illness of tuberculosis. She was 23 years old and is survived by her husband, Joseph D. Smith and a little daughter aged four years.

Mrs. Smith was the daughter of Mr. and Mrs. Wm. Savage, of Fallsburg. She leaves her parents, two sisters, Mrs. Ida Calmes, of Normal, and Miss Fannie Savage, and two brothers, Willie and Arthur, of Fallsburg.

Until a few months ago Mr. and Mrs. Smith lived in Kenova. Mr. Smith is foreman of the Sanitary Manufacturing Company.

The Catlettsburg chapter of the Eastern Star held a service at the home, Mrs. Smith being a member of Fallsburg chapter. The funeral was preached by Rev. Isaiab Cline, pastor of the M. E. Church of which she was a member.

The body was taken to Fallsburg where burial took place Sunday in the family burying ground.

### CHURCH ACCEPTS MAYO PROPERTY

**PROPOSITION OF MRS. S. P. FETTER FOR DONATION OF PAINTSVILLE PLANT.**

On Wednesday night of this week a meeting was held at Huntington by the authorities of the M. E. Church South to whom had been committed the duty of acting upon the proposition of Mrs. S. P. Fetter to convey valuable Paintsville property to the John C. Mayo college.

Present were Dr. R. T. Webb of Parkersburg; Rev. A. E. O'Dell of Webster Springs, and A. H. Land of Logan, delegated by the conference with full authority to act for the church. The others present were John E. Buckingham, Rev. H. G. Sowards and M. F. Conley.

After full discussion it was decided to accept the proposition of Mrs. Fetter, which means that the handsome residence and office property at Paintsville is to be donated to the John C. Mayo College formerly known as Sandy Valley Seminary. The church is to raise an endowment fund of \$165,000 within ten years.

This addition to the school property gives it about fifty acres of land with buildings and equipment giving the plant a value of something near a million dollars. The large three-story mansion is the finest in Kentucky and is so well constructed of the highest class materials that no repairs of consequence will be needed for many decades. The same may be said of the office building. The residence contains 23 rooms, with spacious halls, and is so arranged that it may be utilized to good advantage. No more attractive school plant is to be found anywhere than this highly improved and modern property makes. It adjoins the grounds containing the main school building and the handsome dormitory for girls. Just across a street is the \$60,000 Mayo Memorial church building.

Under the management of president L. G. Sowards the school is getting a fine start.

escape the conclusion that shoe  
prices will remain at least on  
the present basis throughout  
the year.

The supply of cattle in the  
world in ratio to population has  
greatly decreased during the  
war. There is no surplus of  
hides, skins, leather or shoes,  
and in fact a shortage exists in  
a majority of the European  
countries. Packer hides in this  
country are extremely scarce,  
and practically the same condition  
apply to country hides. Other countries appear willing  
to pay higher prices for South  
American, and other foreign  
hides than the United States  
Government has fixed. There is  
no surplus of sole leather of  
good quality and this also ap-  
plies to upper leather. Kid skins  
are in short supply and evidently  
are going to advance in  
price. Cost of production, in-  
cluding labor, is higher than  
ever before.

It would therefore seem  
that footwear being in short  
supply the world over that the  
present fair prices would con-  
tinue. The price of shoes ad-  
vanced less during war than  
any other staple product.

### BE A BOOSTER.

I'd rather be a BOOSTER,  
The smallest one in town,  
Than be the biggest knocker  
And try to tear it down.  
I'd rather be a BOOSTER,  
And with the boosters stand,  
Than be a lonesome knocker  
A curdlering the land.  
I'd rather be a BOOSTER,  
And only boost a mere,  
Than be a knocker knocking  
At everything in sight.  
I'd rather be a BOOSTER,  
And wear a pleasant smile,  
Than be a grumpy knocker,  
Complaining all the while.  
I'd rather be a BOOSTER,  
With purpose good and true,  
Than sit around n-knocking—  
Now, sincerely, wouldn't you?

Attend the turkey supper at the M.

### THE CHURCHES

#### M E. CHURCH SOUTH.

The attendance at Sunday school  
last Sunday was larger than usual. A  
good centenary address was made by  
A. S. H. C. McElveen. Prof. Kenison  
was able to be back in charge of the  
ninth class, much to the delight of the  
members.

Rev. Chambers reached a forceful  
sermon on "The Sewardship of Life." Many  
persons came forward on a con-  
secration proposition and the service  
was unusually helpful. A duet by Mis-  
sion Opal Spencer and Elizabeth Bur-  
gess was quite enjoyable. The three  
minute speaker being out of town, his  
place was very ably filled by A. O.  
Carter, who is in charge of the  
centenary speakers program. Rev. Cham-  
bers took occasion at this service to  
thank the many friends who assisted  
him during the illness of his wife and  
baby.

At the evening service the pastor  
delivered an interesting sermon on the  
Prodigal Son, being the second of a series.  
Miss Nina McLennan was the centenary  
speaker, and her address was up to the  
high standard of the series.

Centenary speakers announced for  
next Sunday are Mrs. E. C. Peoples  
for Sunday school, Miss Margaret  
Jackley at morning church service,  
Miss Sallie Burns at the night service,  
and Mrs. J. L. Carey at prayer meet-  
ing.

Mrs. F. H. Yntz' centenary paper  
on prayer meeting last week was ex-  
cellently good.

body invited, and it is suggested  
that you buy tickets in advance so  
the ladies will know about how many  
suppers to prepare. The proceeds will  
apply on the final subscription made  
by this class to the new church fund.

#### Pastor's Announcement.

Eternal" is the subject for the morn-  
ing service. At the evening hour the

Son Comes to Himself."

# Forty Five Years of Success The astonishing Record of **PERUNA**

Not a cure-all, but a rational remedy for catarrh and all inflammation and congestion of the mucous membranes.

Catarrh attacks the mucous linings in any organ, in any part of the body. It is not, as some imagine, confined to the nose and throat, although nasal catarrh is the most common form and afflicts many people.

Unchecked catarrh soon breaks down the tissue and destroys the organs or part. Evidence of the ravages of catarrh are all around us. Without desire to frighten anyone, we say: "Guard yourself against catarrh as you would against the direst plague. Fortify your system. Take Peruna."

**INSPIRING WORDS FOR THE SICK FROM THOSE WHO KNOW.**

A Good Medicine in the Family.  
I had a bad case of LaGrippe and could get no relief. Peruna cured me. It is fine medicine. We often use it in the family and do well by it.

Mrs. GENTRY GATES,  
East Lake Station,  
Birmingham, Alabama.

**FEELS LIKE A DIFFERENT PERSON.**

Peruna has cured my stomach and I feel like a different person. I only took twelve bottles of Peruna and can eat anything without distress, something I have not done for fifteen years.

I recommend Peruna to everybody suffering with catarrh of the stomach.

1029 16th St.,  
Columbus, Georgia.

J. J. THOMPSON.

**FOR ALL FORMS OF CATARRH.**  
Peruna is indicated for all forms of catarrh or catarrhal inflammation and congestion of the mucous linings in any part or organ, such as nose, throat, bronchial tubes, lungs, stomach, bowels, kidneys, bladder, etc. It is fine for coughs, colds and effects of the grip and an excellent preventive remedy.

If you want health, insist upon having Dr. Hartman's World Famous Peruna Tonic.

## WILL VISIT BERLIN.

A limited number of officers and enlisted men of the Army of Occupation will be given an opportunity to visit Berlin by the inauguration soon of a daily courier service between Coblenz and the capital.

Couriers were decided upon owing to the uncertainty of German mails and the slowness in transmission of documents of importance. Each courier will be accompanied by an officer and the trip will be made by express train between Cologne and Berlin, the running time being about twelve hours. Cologne is about two hours from Coblenz. Various lieutenants and captains will be assigned for trips from day to day, and privates will be selected from different units assigned to Coblenz.

## TO BRING HOME BODIES BURIED ON ALIEN SOIL

Navy Department to Begin  
Actual Work In Few  
Months.

Washington, February 9.—Plans for bringing home the bodies of all officers sailors and marines now buried or foreign soil are being worked out by the Navy Department and the actual work will be undertaken within the next few months. The wishes of relatives, however, will govern not only as to the return of the bodies, but also as to their final disposition. Those brought home either will be sent forward for private interment or buried in the Arlington or some other national cemetery as the relatives may decide.

The department's announcement today expressed a preference for bringing home all bodies. It was pointed out that as a result of the careful preparation made at the outbreak of the war it had been possible to return the bodies of hundreds of those who died overseas. In the case of marines and naval detachments serving with the army, however, this was not possible and instead a careful system of permanent marking of graves was maintained. If the nearest kin of any of the men who gave their lives for their country desire the dead will be left to rest in France, probably in special purchased American cemetery sites, where perpetual care and recognition will be assured.

The department's statement said that where bodies were brought home for burial in national cemeteries full military honors would be accorded, and where private interment was desired the navy would prepay all expenses up to delivery of the casket to relatives, and that the war risk insurance bureau of the Treasury would refund actual burial expenses not exceeding \$100 in each case upon presentation of the claim.

Relatives of the dead of navy and naval reserve were requested to write the bureau of medicine and surgery as to their wishes, and those of the

dead of the marines corps were invited to communicate with the commandant of the corps.

## MEXICO CHANGES ATTITUDE TO U. S.

Washington.—American rights in Mexico will be amply safeguarded by the Mexican government, according to Ambassador Henry P. Fletcher, who is here from Mexico City for conferences with State Department officials, with an optimistic view of the situation in the Southern republic.

The Ambassador declared the feeling there toward this country had become more friendly since the recall of the German Minister, the notorious von Eckhardt, and the consequent cessation of anti-American propaganda. President Carranza in the last two years, he said, had accomplished a

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, healthy hair if you have dandruff.

This destructive scurf tobs the hair of its lustre, its strength and its very life; and if not overcome it produces a feverishness and itching of the scalp; the hair roots furnish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, sordid or too oily get a small bottle of Knowlton's Danderine at any drug store or toilet counter for a few cents; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now.

### DECLARES BISHOP McDOWELL

Methodists Possess Resources to Meet Centenary Call—Fifty Thousand Minute Men to Aid—Peril of Mohammedanism Discussed.

Columbus, O.—(Special)—"We are face to face with the providence of an altogether sufficient challenge to the church to do big things and do them now," declared Bishop William F. McDowell of Washington, D. C., addressing the Methodist Centenary (Cincinnati area) convention.

"We have just had an extraordinary providential demonstration of the power and interest of the church and the nation when great cause is at stake," said the bishop. "Now we are face to face with a providential release of enormous power which must not be permitted to get back to the small things or to mere conventionalities again."

"The church must remake the world's mind," declared Bishop McDowell. "The mind of the world must be made according to the mind of Christ.

"Second, we must remake the

world's ideals. Commerce can not rule the world.

"Third, we must remake the world's faith. An unbeliefing world can not help coming to grief. The faith of the world in the God of Jesus Christ must be made by the church of Jesus Christ. And this is the task of the centenary."

Financial Resources Large.

"In the very audacity of the centenary's appeal lies the power of its appeal," declared Edgar Blake, associate executive secretary of the centenary movement. "If the centenary is asking for a staggering sum it is because the church is up against a staggering task," he declared, stating that when the opportunity, obligation and possibility now before the church is realized, one marvels not at the size of the centenary, but at the modesty of its askings.

"Our present giving is not the measure of our ability, but the measure of our interest. To think otherwise would put Methodism to confusion and shame," declared Dr. Blake.

### Suffering Described As Torture Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while flying, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press him not at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.

I sent and bought Thedorff's Black-Draught. I made him take a big dose, and when it began to act he fainted. He was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Thedorff's Black-Draught."

Thedorff's Black-Draught will help you to keep fit, ready for the day's work. Day 10.

50,000 Minutemen.

Dr. Christian F. Reisner of New York city outlined the plans by which the church expects to have 50,000 minutemen, similar to those used in behalf of various governmental affairs during the war, presenting the interests of the centenary.

"John R. Mott, 25 years ago, urged the Christian nations to 'evangelize the world in this generation,'" said Dr. Reisner. "If they had done so there would have been no world war.

If we do not now evangelize the world, our grandchildren will see another world war.

"Imagine what the condition of the world will be if Mohammedanism takes Africa, India, Malaysia, then if Japan, with her efficiency and her new organization, heads the group.

They will crush out civilization from the world and establish the worst autocracy the universe has ever known.

"The centenary would bring to these countries, troubled and hungry, a heart devoted to service. At home and abroad, it insists that we meet the staggering needs of this eventful hour."
